Quantity	Pallet Type	Last filled product	MSDS supplied	Dangerous Goods?
(list as per each product)	(wood/plastic/steel)		✓ / ✗	✓ / ✗

TERMS & CONDITIONS FOR COLLECTION

By placing a collection order you accept the following terms and conditions:

- All IBCs are in reusable condition with previous product able to be cleaned out completely.
 - All IBCs are intact with original fittings including Top Lid, Discharge Valve, & Cap with all accessories in working order.
 - All IBCs are free of damage, corrosion and deformation to the inner container, cage and pallet.
 - All IBCs are drained and empty. Residue being no more than 1 litre per IBC. Anything over may attract a waste charge.
 - All IBCs are free of outside residue or contamination.
 - Last filled goods must be specified on the IBC with corresponding labels, hazardous goods symbols, etc.
 - MSDS to be supplied for all Dangerous Goods classed IBCs.
 - Any IBCs containing toxic residues are neutralised and must be completely drained so as to not pose a risk to any person coming in contact with the IBC.**
 - Collection is for a minimum of **10** IBCs that meet the above criteria. **
 - Due to the non-fulfillment of the above conditions, Tank Management Services reserves the right to refuse collection or return the IBCs at the cost of the sender. Reimbursement will be charged to the sender for the expenditure incurred including transport, cleaning and disposal of the non compliant IBCs.
- ** Minimum quantity (MQ) may be more or less than 10 depending on location.

I agree to these Terms & Conditions:	Name:
